Because crew is only partially subsidized (10-15%) by the school, rowers are required to pay a participation fee that helps cover operating costs. In addition, the team buys and maintains the equipment used by the team for safety, racing and training. Note: The real cost, per team member, per season is approximately \$1150. We would hope and expect that all parents that are able would contribute additionally to the Safety and Equipment fund.

All checks should be made payable to CSHRA (Cold Spring Harbor Rowing Association).

I have included a contribution to the Safety & Equipment fund of:
 \$250 \$500 Other

Payment was made by: Check Credit Card
